SCIENCEMONTGOMERY

- ScienceMONTGOMERY is one of the largest science fairs in the U.S.
- Every year hundreds of students from our area's public and private schools are eligible to win a multitude of awards at the Fair.
- The Fair is affiliated with the Intel International Science and Engineering Fair (ISEF), whose regulations are followed for safe scientific research.
- Prizes include cash, scholarships, bonds, and internships provided by more than 60 area companies.
- Over 200 volunteer judges represent many of the area's premier science and technology organizations.
- ScienceMONTGOMERY is an all-volunteer, 501(c)(3) organization which relies on private funding to produce the science fair every year.

"This whole experience helped to open doors and inspired me to pursue a career as a physician-scientist where I take concepts from the lab bench to the patient bedside and back again."

-Dr. Daniel Kraft

**ScienceMONTGOMERY ISEF
Prize Winner: 1985, 1986**

ScienceMONTGOMERY's mission is to stimulate excitement about science, celebrate science in the community, to go beyond testing to encourage asking questions and validating discovery

The ScienceMONTGOMERY ISEF finalist and Board Member, Angeliq Bosse, preparing to go to Los Angeles for the 2014 ISEF.
